## Of Local Interest.

Monday is court day.

June 24 - Vocal Contest.

Saturday - The automobile.

Richmond Elks Fair and Carnival, 14-19.

Important business at the Masonic lodge next Tuesday night.

All kind of garden truck is ripe, and we poor folks are living high.

When you come in Monday, please remember the poor. (That's us.)

Dr. Donald McDonald preached on mountain work at the Presbyterian church Sunday. A liberal contribution was made.

A great many old switch-tail horses are left standing on the streets unhitched. This is very dangerous and will sooner or later cause trouble.

Come in Saturday and see the automobile. It will be raffled off, at fifty cents a chance. Take a chance, you will have as good showing to win as will anyone.

### Something Novel.

The Vocal Contest at the Garrard Opera House, June 24, will be far ahead of any entertainment ever given in the town. See Stormes and secure your seats.

### June 15th.

Mr. J. Mort Rothwell writes The Record that Dripping Springs was formally opened last Sunday, the 15th. Mrs. Rothwell has charge again this summer, and it would be hard to find a more delightful place to spend the heated term.

### Barnes' Immersion.

The Lexington Democrat says: "Rev. George O. Barnes writes the Interior Journal that he has just been immersed by Dowie, after depending all of his seventy odd years on his infant baptism. Stippische had died before the appearance of Elijah II, would he have been 'heretofore lost'?"

### Children's Day.

The sweet voices of the children are ringing every day this week in their practice under that queen of children trainers, Mrs. George M. Patterson. It is needless to say the children's service at the Methodist church next Sunday at 10:45 a. m., will be enjoyable. The pastor will speak to the children on "Good Bread."

### Oil in Garrard.

The stock holders of the South-Eastern Kentucky Oil and Gas Co. are very much elated over their prospects in the well they are drilling near Cartersville, in this county. They are now down about five-hundred feet and are progressing nicely. At a depth of less than a hundred feet they encountered a flow of black oil, which was cased off with the water. The casing was put in to a depth ninety-eight feet, which took them below the water line. At a depth of about two-hundred feet, they encountered a flow of yellow amber oil. This oil is the very highest priced oil to be obtained anywhere.

They continued drilling and have now encountered a flow of dark oil of very superior quality. Whilst none of these "sands" have shown a production in paying quantities, they have shown that they are likely to drill into a number one oil sand at any time. They are bailing out not less than a barrel of oil a day as the drilling proceeds. This is the company whose advertisement appears at top of our second page.

Sents on sale at Stormes' Drug Store for Vocal Contest.

See samples of Photographer Fox's work on display at Logan Dry Goods Co. It speaks for itself. See his ad. elsewhere in this issue.

Dr. W. S. Beazley has purchased the Sanders property on Lexington street, and will enlarge and improve the place. Price, \$1,300.

### A Garrard County Man.

A letter from Mr. J. W. Ramsey, of Washington, Ind., tells of the death of Judge J. W. Burton, in that city, recently. Mr. Burton was a Garrard county man and is well remembered by older citizens.

### Beazley Cattle Sold.

Messrs W. S. and Richard Beazley have sold their big cattle to Morris, of New York. There are 175 in the herd, average 1,650. Price, \$6.50. The Beazley Bros., always have the best in the land.

### New Time Card.

The Q. & C. new time card which went in effect Sunday makes only two important changes in trains passing Danville. No. 5, south bound, which was due to leave at 11:15 A. M., now leaves at 11:07 A. M., and No. 3, due there at 11:29 P. M., is changed to 11:29 P. M.

### Base Ball.

Arrangements are being made for the Lancaster team to go up and wipe the Richmond boys off the face of the earth. The game will be played at an early date. The proceeds will go toward fitting up the chariot in which the Queen of the Carnival is to ride, and, as a Lancaster lady will be Queen, the home boys are interested all the more. See?

### Will Meet Their Friends.

An excursion for colored people from Paris to Frankfort is advertised. This inducement to make the trip is set forth in a hand-bill: "We have made arrangements that all persons going on this train can visit the prison. You see, now friends, you will have one good day's pleasure and meet your many friends from all parts of State."

### Remembered Their Dead.

The local lodge of Maccabees turned out nearly its full strength Sunday afternoon and decorated the graves of all the departed brethren. The ceremonies were quite pretty and many walked out to the cemetery to witness them. The Maccabees have the largest lodge in town. It is principally for life insurance but the social feature is a strong point. It is the cheapest insurance one can carry, and is absolutely safe.

### Revenue Bill.

County Clerk Doty has received a copy of the new revenue bill, which goes into effect July first. Some of its provisions are as follows: Retailing playing cards, \$10, increased from \$5; retailing pistols, \$100, increased from \$25; retailing bowie knives, etc., \$50, increased from \$40; merchants, \$100, increased from \$75; druggists, \$75, increased from \$50; selling cigarettes, wholesale \$100, new retail, \$19, new.

### A Comparison.

CENTRAL RECORD, January 8th.—"The weather is extremely cold. The attendance at all the churches Sunday night would not have half filled one church."

Now listen to this item today: The weather has been very warm for several days. The attendance at all the churches Sunday night would not have half filled any church in town. It seems hard to find weather that will bring 'em to the house of God.

Secure your seats at once for the Vocal Contest.

### House Painting.

Many residences are being freshly painted, among the latest to receive the improvement being Gov. Bradley's handsome residence. The work was done by C. H. Goodson, a practical painter recently located in our town, and whose ad. appears in this issue. See the job and then judge his work.

### No Fish in Dix River.

Fishermen say there are absolutely no fish in Dix river. None have been caught this spring, and Niarods have taken to fishing in ponds. The dynamiters and seiners have completely ruined the stream. This could be stopped if some of the better (?) element were not guilty of the disreputable practice of using the explosive and sein.

### Court Day Dinner.

The Ladies Aid Society will serve dinner in the hall at the court house Monday, beginning at 11 o'clock. Only 25c will be charged. Following is the

### BILL OF FARE:

Old Ham, Fried Chicken, Pickles, Beaten Biscuit, Sandwiches, Light Bread, Mullins, Coffee, Ice Cream, Cake.

### Gilbert the Nominee.

Pursuant to a call of W. H. Morgan, chairman of the Democratic Congressional Committee of the Eighth District, the committee met at Lawrenceburg and declared the Hon. Geo. G. Gilbert, of Shelbyville, the Democratic nominee for Congress. No other candidate had complied with the call of the committee. The Hon. Lillard H. Carter, of Anderson, and R. C. Warren, of Lincoln, withdrew from the race some time ago.

### Many Battle Traps.

We will venture the assertion that there are more old, worn-out rattle trap vehicles in Lancaster than any town its size in Kentucky. These old eye-sores are dragged across the streets at break-neck speed, each averaging some fifty thousand trips a day. They kick up a dust, and make a noise which is disagreeable in the extreme. It does seem that a license should be put on wagons which use the streets constantly. This would probably do away with some of them, and save the taxpayers many dollars buying rock to keep up the streets.

### A Midnight Marriage.

Rev. C. M. Chumbley was aroused from pleasant dreams about 12:30 Tuesday night, by loud and continued rapping on his front door. Being a good Mason, he made tall tracks to ascertain and report the cause of the alarm. It proved to come from two weary travelers, who, instead of seeking further light, wanted the clever minister to hitch them up in double harness. He tied the knot in the latest style and the couple went on their way rejoicing. The young people were Mr. John Crim and Miss Pearl Huffman, both of Danville.

### Remarkable Speed.

One day last week, Mr. Shelby I. Tribble, the gentlemanly foreman of this office, fed three thousand eighth-sheet bills into our new C. & P. "8th" Gordon job press within one hour and forty minutes, and never missed but three or four sheets. The press was driven by steam, and was certainly going over the road. Tribble stuck to her, however, but it is needless to say he didn't have time to stop and swap knives with the devil while it was being done. This is the best job press in Central Kentucky, and if you want to see a pretty piece of machinery, come up and look at it.

Brown will be on the street Monday.

### Deserter Arrested.

Policeman Mat Siler seems to have an eye open for all classes of loafers of the lane: on Tuesday he arrested John Royce who is a deserter from the U. S. army and delivered him to the commanding officer at Ft. Thomas Ky. Royce went from this county and enlisted, being sent to Ft. Sill, Oklahoma from which post he deserted and returned here. Siler located him at work on a farm near town.

### Lookout, Boys.

The Farris blind tiger law went into effect Tuesday, and Marshal Rothwell tells us he is going to enforce it to the letter. He is going to watch the "Chute" closely, and every man seen entering a suspicious place will be promptly nabbed and taken into court. As to the tigers, it will work a hardship on them, as the Government requires the stamp to be posted conspicuously in the place where the liquor is sold, and, as the Farris law makes the possession of this stamp prima facie evidence of guilt, the tiger men will have a pretty hard row to hoe. The men who visit these tigers had best take warning, as Mr. Rothwell and his efficient deputy, Mr. Siler, are going to nab every fellow who goes into the places.

### Cooling Saturday.

Mr. J. W. Rock, the hustling secretary of Richmond Elks Lodge, sends word that the \$700 automobile will be here on exhibition next Saturday. He will come to Paint Lick with it Friday, and get to Lancaster that evening, remaining over night, and will show the machine on the Public Square Saturday. It is an Olds, the very best made, and cost a cool \$700, cash. The Elks will sell enough tickets to pay out on it, and the machine will be given to the lucky winner on the first day of the big fair. Tickets will be sold at fifty cents each. All coupons will be placed in a large can, the can thoroughly shaken up, and some disinterested party will draw one ticket therefrom. The number so drawn will win the machine. It is simple in construction, and anyone with a thumbnail of sense can learn to operate it. Remember the date, and come to see the most wonderful invention of the age.

### The Contest for Queen.

The contest for the selection of Queen of the Carnival, at the Richmond Elks Fair, is about as warm as this delightful (?) spell of weather we are now going through with. The Lancaster members have, as stated in last issue, placed Miss Christine Bradley in nomination, and many votes have been cast for her. There is a mistaken idea that none but Elks can vote. It is not so, as anyone can vote as many ballots as he chooses. They are five cents each, and if you want to help Lancaster's entry win the honor, see Louis Landram, Branch Beazley, or any of the Elks residing here and you can have all the tickets you wish. If you reside out of town and want to see your old home town win, send \$1.25 and an entire book (25 tickets) will be placed in the box. The Lancaster boys have tackled a strong foe in Richmond, as the good people up there have on their fighting clothes, but we will wager a stack of blue chips on the result coming our way. The ballots are counted every Monday morning, and this week's report is as follows:

Misses—  
Katie Smith.....209  
Christine Bradley.....205  
Florrie Chenault.....188  
Mary Collins.....100

The Richmond Register says: The chariot in which the Queen and her four maids will be drawn by four white horses will be the most beautiful vehicle ever exhibited here. There is a scheme on foot here to organize two "Mother Hubbard" base ball teams from among Richmond and Lancaster Elks. They are to play games in Richmond and Lancaster, the entire proceeds of which will be donated to the equipment and decoration of the Queen's chariot. The teams will play first in this city, will parade the streets in mother hubbards, as the University boys did ten years ago with big Sam Lowry at the head and will be preceded by the Richmond Silver Band to the University campus where United States Senator McCreery will be asked to toss the first ball across the plate. At the return game to be played in Lancaster Ex-Governor Bradley will be asked to perform the same function, and then Garrard folks will witness probably the first contest between base-ballists dressed in mother hubbards of various hues and patterns.

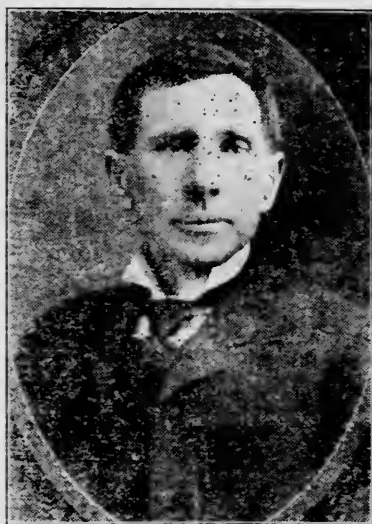

Monday is county court day, come in and pay up if you the arrears.

### Clean Up Streets.

THE RECORD is requested to say to property owners that the law requiring them to keep premises, front pavements, etc., clean, will be strictly enforced. The Marshal has been instructed to report every dirty pavement and front premises, and action will be taken against the owner thereof. People ought to be decent enough to do this without being made, but some seem to pay no attention to their premises whatever. A word to the wise is sufficient.

### HON. R. H. TOMLINSON.

Jessamine Journal: Hon. R. H. Tomlinson, of Garrard, who is receiving encouragement as a candidate for Lieutenant Governor on the Democratic ticket, was born and reared in that county. He represented the county in the Legislature, in the session of

1890 and again in 1901. Mr. Tomlinson has been a life-long Democrat, and his time and means are always cheerfully and freely given for the advancement of his party's interest. While always in the lead of every battle, yet Mr. Tomlinson is one of the most conservative of the Democrats. In his speeches in past elections he was never known to vilify the enemy, but, on the other hand, always used argument instead of malice for ammunition. He is a leading lawyer in his section, and a very successful one. To learn a man's true character, inquiry must be made of his neighbors, and as every man in Garrard county has a kind word for "Bob" Tomlinson, he can be safely counted upon as straight goods.

# South-Eastern Kentucky Oil and Gas Company, Lancaster, Ky.

Par Value of Shares \$1.00. Full Paid and Non-Assessable.

OFFICERS: Lou J. Craig, president; Geo. W. Palmer, vice president; C. D. Walker, treasurer; J. W. Alcorn, counsel; W. McC. Johnston, secretary.

Money is always made by those who get valuable information EARLY and act on it PROMPTLY; by those who go in at the START; who do "business" on the "ground floor"; there is no art in being late. It is those who are EARLY who make the MONEY. The KENTUCKY oil field is attracting the attention of the best oil men everywhere. Experts have pronounced it unquestionably the coming field for the production of high grade refining oils. The oil fields of New York, Pennsylvania and West Virginia are gradually becoming exhausted, while Texas provides fuel oil only. The great fortunes made in oil in those states will be duplicated many times in Kentucky in the next few years. The only question is, who shall reap this harvest. Realizing this fact, this company has been quietly acquiring the cream of the oil property in this

State, and knowing the importance of having its development in the hands of a trained oil expert has secured as its manager and President, Mr. Lou J. Craig, who is up to this time the most successful oil producer in the State. His discovery and development of the splendid oil pool in the Bath-Menefee oil fields eight months ago, until then not even suspected of being there but now containing over thirty wells all strong producers, stamps him the foremost in Kentucky Oil Development. For every dollar then invested there, on the "ground floor," on his judgment, he now shows \$1,000 in oil already produced, from which all feel assured investors in our company are protected as far as human foresight and wisdom can provide in oil development and operations. OUR PROPERTIES:—By acting promptly, our company has se-

cured about ten thousand acres of the very choicest oil properties in practically all the developed fields in the State. We are now drilling in the splendid Bath-Menefee field where we hope to bring in a strong well very shortly. We have also just closed a contract to sink a number of wells on our property right in the center of the oil field of Knox county within 60 days. Our property there lies on the famous Richland Creek oil field, near and in sight of both the Jones and Wages gushers, estimated at twelve hundred barrels each per day. When the Wages gusher came in on Christmas day, it was beyond control for three days and in spite of all efforts to cap it, overflowed for seven miles down the creek, catching fire and destroying the drilling machinery, trees, drift, and everything along the creek for seven miles. Our property is just

between these wells and the Indian Creek wells; is just above and immediately adjoining the Hutchings well that came in last week, and where four wells are now under contract. We are just below and in sight of the famous Jarvis well, regarded as one of the very best in the field. The property adjoining us above and just between us and the Jarvis well, is to be developed in April and several other tracts within a few hundred yards of us are to be drilled as soon as derricks can be erected and machinery placed. Not less than 100 other wells are under contract in the vicinity, so we are entirely surrounded by this development and are right in the center of this splendid Oil Pool, having strong producers on the four sides of us which absolutely insures prompt returns to our investors. The Hutchings, Swan Lake and

other Companies, operating in this oil pool have promptly withdrawn their stock from sale and we believe we are the only company in this immediate oil field who has not done so. For the purpose of raising funds for immediate development, including tanks and pipe line, our company now offers for sale Twenty Thousand Shares of its capital stock at par \$1.00 per share, in amounts from one share up. Every purchaser of stock will own an interest in all the properties of this company. Those who got in on the "ground floor" in the Stickford, Sunny Brook, Mt. Sterling and several other companies, here only a few months ago have already cleared hundreds of thousands of dollars, and it will grow to millions during this year, and we are offering you the same opportunity to share in the same good fortune.

IN CONCLUSION:—We guarantee that every dollar derived from the sale of the treasury stock in the company shall be economically and wisely expended in the development of Company property. That no officer of this company shall receive one cent of salary until the company has reached a dividend-paying basis and has actually PAID at least ONE HUNDRED PER CENT. in dividends to all the holders of its capital stock. If you desire to invest NOW. We need your money NOW for development purposes. We will NOT need it LATER. When we have brought in the first two wells, the stock will be withdrawn from sale entirely. We refer to every bank or business house in Garrard county. Address all communications to the Secretary.

## CENTRAL RECORD.

— An Independent, Local Newspaper. —  
ISSUED WEEKLY.  
LOUIS LANDRAM, Editor and Publisher.

Lancaster, Ky June 19 1902.

The Hon. Richmond Pearson Hobson is turning up his kisser preparatory to breaking into politics in Alabama.—Lexington Leader.

Yes, and to make a success in politics, he will need it, too.

BREK. LILLARD, of the Danville News, speaks of us as being "more George Washington like" than some people. Therein our good friend proves himself to be a G. Washington, also.

The railroads are now figuring on Pullman cars with toilet facilities that will satisfy the women passengers. The only way out of the trouble is to give each woman a car to herself.

A STUDENT, at Princeton, "broke all inter-collegiate records" throwing a sixteen pound hammer 164 feet. This is truly remarkable, we suppose. The student will now return home, and from a street-corner goods box while away several years posing as a hero, while "Pa," who never tried to "throw the hammer," will sweat and toil to earn his heroic son's daily bread.

GOV. J. C. W. BECKHAM,  
Upon Whom the Degree of LL. D. was Conferred by the Trustees of Central University Wednesday.

OVER one hundred Second Lieutenancies are available for civilians. This is a fine opening, but the trouble is the examinations are too rigid for the boys, and they are afraid to tackle them. Uncle Sam is quite lenient with his volunteers, but is very justly particular in who he takes into his regular service.

It appears that the coon songs not only please the common people out here in the brush, but even the wealthy are familiar with the music and words. Last week Millionaire Jno. W. Gates quoted several lines of a popular coon song into a telegram to a friend. "Now, aint dat a shame, a meashy shame?"

A MEETING of the National Credit Men was held in Louisville last week. We don't know whether this means the men who give credit or those who get "tick." If its the former, the meeting was doubtless slimly attended, but if the membership consists of the latter class, we don't see how they all got into the city limits.

PRESIDENT PATTERSON, of the State College, in his report on recent troubles at the school, accuses "a hostile and unscrupulous press" of fomenting dissensions. Like many others who hold public positions, he has concluded that the press has no business discussing his acts. We don't know anything about the troubles of the school, and care much less, but a "hostile and unscrupulous press" is a good thing to have in a community sometimes.

SOME rooster up at Andover, Mass., sent THE RECORD an article about half column long on the "Preservation of American Antiquities," which he is kind enough to let us use. We do not know whether our readers are much worried over the subject, but just now we are using all our space in an effort to make money to buy blackberries and such for "Preservation" here at home, and will have to decline the generous offer.

Many Lancaster people remember with much pleasure the visit of Miss Gonzella Byrne, of Selma, Ala., to this city last summer. They are equally delighted to know that she will return next week and take part in the vocal contest. She is an exceedingly handsome young lady, and a musician of great ability.

Col. W. S. Ferguson is up from Covington looking after his farm near town. Col. Ferguson's many friends

are delighted to know that the throat trouble recently bothering him has entirely disappeared, and he can tell a fish yarn as loud as any of the local G. Washingtons. (And we suspect will cuss as loud when he sees that "Col." we have added to his name in this item, as he wants to be called plain "Will.")

Courier-Journal:—Mr. Joseph P. Sandifer, of the Union Savings Bank and Trust Co., of Cincinnati, was in the city last night, stopping at the Louisville Hotel. He is out on the first vacation he has had and came down to Louisville on one of the steamers, merely for the diversion. The institution with which Mr. Sandifer is connected now occupies Cincinnati's "sky-scraper," the seventeen-story steel building erected for the company. Mr. Sandifer was formerly of Lancaster, Ky., where he held the position for many years of cashier of Citizens' National Bank.

Every season this resort has been advertised as being repaired, etc., but nothing much in that direction could ever be seen. This season, however, the work is there for itself, and a visit will show many marked improvements on the buildings and grounds. The table was as good as one could desire last season, but this year it is the best we have ever seen. Mr. Willis, assisted by his estimable wife, look after the welfare of each guest and have personal supervision over the kitchen and dining rooms. A great many guests are there now and the hot weather will soon bring in many more. The opening ball will be given tomorrow night, Friday, and a delightful evening is anticipated.

Mr. John Chestnut, who has been confined to his room over two months with a severe attack of rheumatism, is rapidly convalescing. He hopes to be able to resume his position on the road by the first of July.

A Splendid Entertainment. The entertainment given at the opera house Monday evening by the young people of Bryansville, under the capable management of Miss Allie Dunn, was one of the most enjoyable ever given in our little city. Those taking part showed careful training and preparation, and each number was roundly applauded. The audience was not as large as it should have been, but the people seem to take little interest in entertainments lately, it being a fact that none of those at the Opera House last winter received more than half a house full of people. The entertainment Monday evening was highly enjoyed by those present, and all were delighted. Miss Dunn, who is an exceedingly attractive young lady, proved her great ability in getting up entertainments, and many compliments were passed upon her splendid work. Every number on the program was carried out without the least fault, and we regret that lack of space prevents special mention of each.

In Memory of Mrs. Gill. Whereas, God, in His infinite wisdom has taken our beloved president from a bed of suffering to dwell with Him, and we bow in humble submission. We know He doeth all things for the best, yet our hearts are sad, for we miss her, oh, so much. Her life was a benediction, her faith, her hope, her trust, and in her death a beautiful page could be written. "Oh," she said, "Heaven is real," and with hands clasped in ecstasy, "Oh, joy! Blessed Saviour, I see, I see. Don't you see them, the Angel faces, and Jesus awaiting me too? 'Tis real, this heavenly vision."

O blessed, thrice blessed, dear Saviour, O, joy of eternal life, Be happy dear loved ones and trust Him.

For the boatman is coming for me, I am almost over the river. The billows I fear not today, For Jesus will pilot me safely, And I'll wait for your coming some day.

The Womens Christian Temperance Union has, in sister Margaret Gill's death, suffered a great loss. She was always at the meetings, her health permitting, faithful and true to her convictions of right. Her kind and sympathetic heart was ever ready to lend a helping hand to those in trouble, the poor and needy were never turned away. We extend to her bereaved children and family our tenderest sympathy. The legacy of that mother's christian life is a priceless heritage. We would say to the children, trust your mother's God. He will never leave nor forsake you.

Mrs. Fannie Farra, Mrs. Rebecca West, Miss Amanda Anderson, Mrs. Robert Stone, committee.

# Parents' Responsibility Great

It is the right of every child to be well born, and to the parents it must look for health and happiness. How inconceivably great is the parents' responsibility, and how important that no taint of disease is left in the blood to be transmitted to the helpless child, entailing the most pitiable suffering, and marking its little body with offensive sores and eruptions, catarrh of the nose and throat, weak eyes, glandular swellings, little bones, white swelling and deformity.

How can parents look upon such little sufferers and not reproach themselves for bringing so much misery into the world? If you have any disease lurking in your system, how can you expect well developed, healthy children? Cleanse your own blood and build up your health, and you have not only enlarged your capacity for the enjoyment of the pleasures of life, but have discharged a duty all parents owe to posterity, and made mankind healthier and happier.

There is no remedy that so surely reaches deep-seated, stubborn blood troubles as S. S. S. It searches out even hereditary poisons, and removes every taint from the blood, and builds up the general health. If weaklings are growing up around you, right the wrong by putting them on a course of S. S. S. at once. It is a purely vegetable medicine, harmless in its effects, and can be taken by both old and young without fear of any bad results.

Write us about your case, and let our physicians advise and help you. This will cost you nothing, and we will also send our book on blood and skin diseases.

Speaking of the appearance of the seventeen-year locusts an aged farmer says: "They bring no good with them. I've noticed that when they make their appearance that the summer months are extremely hot and that it will be a year of severe electrical storms and floods. Many people will not believe what I am telling you, but it is a fact, and I am not the least superstitious."

A Higginsport couple coming home last Sunday evening from a buggy ride, fell asleep, and the horse walked into town. When found, he had his head in his mouth, and her eyes rolled heavenward so that the whites looked like a china saucer. His arm was around her waist, and her arms were both about his neck, and they seemed mad when they were awakened.—Higginsport Record.

Fleming county farmers are reporting prospects for about half a crop of wheat this year. The rains have brought out the crop considerably, but it was damaged badly during the winter and cannot make an average crop even under the most favorable circumstances from now on. Tobacco plants are reported scarce, but it is thought that they will be more plentiful in the late beds. During the past week a few parties have set out some plants, but as yet few of the plants are large enough.

Extreme hot weather is a great tax upon the digestive power of babies; when puny and feeble they should be given a few doses of White's Cream Vermifuge, the children's tonic. Neuralgic pains, rheumatism, lumbago and sciatic gains yield to the penetrating influence of Ballard's Snow Liniment. It penetrates to the nerves and bone, and being absorbed into the blood, its healing properties are conveyed to every part of the body and effect some wonderful cures. Mr D. F. George Schaub, a well known German citizen of New Lebanon, Ohio, is a constant reader of the Dayton Volkszeitung. He knows that this paper aims to advertise only the best in its columns, and when he saw Chamberlain's Pain Balm advertised therein for lame back, he did not hesitate in buying a bottle of it for his wife, who for eight weeks had suffered with the most terrible pains in her back and could get no relief. He says: "After using the Pain Balm for a few days my wife said to me, 'I feel as though born anew,' and before using the contents of the bottle the unbearable pains had entirely vanished and she could again take up her household duties." He is very thankful and hopes that all suffering likewise will hear of her wonderful recovery. This valuable liniment is for sale by R. E. McRoberts, Druggist. 1m

Leads Them All.

"One Minute Cough Cure beats all other medicine I ever tried for coughs, colds, croup and throat and lung troubles," says D Scott Curran of Lexington, Pa. One Minute Cough Cure is the only absolutely safe cough remedy which acts immediately. Mothers everywhere testify to the good it has done their little ones. Croup is so sudden in its attacks that the doctor often arrives too late. It yields at once to One Minute Cough Cure. Pleasant to take. Children like it. Sure cure for grip, bronchitis, coughs.

Women with a fad are apt to close their eyes to the real things of life.

Spring Fever.

Spring fever is another name for biliousness. It is more serious than most people think. A torpid liver and inactive bowels mean a poisoned system. If neglected, serious illness may follow such symptoms. DeWitt's Little Early Risers remove all danger by stimulating the liver, opening the bowels and cleaning the system of impurities. Safe pills. Never gripe. "I have taken DeWitt's Little Early Risers for torpid liver every spring for years," writes R M Eyerly, Moundsville, W. Va. "They do me more good than anything I have ever tried."

A chronic grumbler objects to being regarded as such by his friends.

Virulent Cancer Cured.

Startling proof of a wonderful advance in medicine is given by druggist G W Roberts, of Elizabeth, W. Va. An old man there had long suffered with what good doctors pronounced incurable cancer. They believed his case hopeless till he used Electric Bitters and applied Bucklen's Arnica Salve, which treatment completely cured him. When Electric Bitters are used to expel bilious, kidney and microbe poisons at the same time this salve exerts its matchless healing power, blood diseases, skin eruptions, ulcers and sores vanish. Hot Weather Weakness.

If you feel fagged out, listless and lacking in energy, you are perhaps suffering from the debilitating effects of summer weather. These symptoms indicate that a tonic is needed that will create a healthy appetite, make digestion perfect, regulate the bowels and impart natural activity to the liver. This, Herbine will do; it is a tonic, laxative and restorative. H. J. Freegang, Prop. Grand View Hotel, Cheney, Kan., writes: "I have used Herbine for the last 12 years, and nothing on earth can beat it. It was recommended to me by Dr. Newton, Kan." 50c at R. E. McRoberts. 1m

## GENERAL NEWS.

Secretary Root has issued an order decreasing the strength of the army to a total of 65,000 men.

A mad steer ran amuck in the street of Cincinnati and fatally gored two persons.

The decision in the Howard appeal will go over until the fall term of the Court of Appeals.

Charles Powers, indicted for complicity in the quarter house fight, has been arrested and placed in jail at Pineville.

The Governor has offered a reward of \$500 for George Rains, of Pike county, and \$100 for John Laffoon, of Madison.

The Court of Appeals holds in a Lexington case that a City Council cannot create offices not authorized by the charter.

Commissioner of Internal Revenue Yerkes holds that no artificial coloring matter whatever may be used oleomargarine without increasing the tax to ten cents.

The president sent to Congress a message urging reciprocity with Cuba. The message was sent after consultation with the party leaders, and it is that with this action the President will leave responsibility with Congress.

Former President Grover Cleveland has accepted an invitation to speak at the opening of the new Tilden Club in New York City June 19. Invitations have been sent to about 1,500 prominent Democrats. This will be the first time Mr Cleveland has addressed a political audience since his retirement from office.

Carrie Nation still pays visits to Kansas saloons, but occasionally adopts curious tactics on such occasions. One day last week she suddenly appeared in a bar room at Oswatimie and traded one of her sovereign hatchets for a pint of whisky. After exchanging jocular remarks with the joint-keeper she departed with the liquor, which she poured into the gutter.

There is great rejoicing in South Africa as families are reunited after months of imprisonment and exile. Old England, with all her claim to the name of Christian nation went so far as to tear women and children from their homes and crowded them into camps of suffering and filth. Millions of money and thousands of men, women and children were sacrificed in order that greed for gold might be satisfied. The Boer war is a dark spot on the escutcheon of the British nation.

Louisville Times: Booker Washington received from all kinds and classes of Louisville people a welcome more hearty, sincere and enthusiastic than was accorded to either of our late visitors—Admiral Schley, hero of the "United States," or Henry, Prince of Prussia. So, after all, it isn't so much race color or achievement as character that counts with the masses in this neck of the woods. And that is the lesson this ex-slave is striving so earnestly and nobly—also hopefully—to impress on his race in America.

The year ending June 30, 1902, will surpass all preceding years in the number of immigrants arriving in the United States. It is said that the total will be more than 600,000, while the highest previous record was 592,000. This showing upsets the theory that the high mark of immigration passed with the general occupation of all sections of the United States by native and foreign settlers. It is true that a great deal of public land, in detached sections, still remains for utilization, but there are no longer vast domains such as in former times appeared to the agricultural immigrants from Southern Italy and from Austria-Hungary.

Under an act of the General Assembly which became effective June 18, all State banks in Kentucky organized prior to 1893 will escape taxation this year, cutting the general revenue fund of the State about \$80,000. Next year the banks pay only about one fourth of the taxes assessed against them, reducing the 1903 revenue fund by \$60,000. The act provides for refunding to these banks money which they paid for taxes from 1893 to 1896 in excess of regular tax rate, amounting to \$140,000. State Auditor Coulter determined to credit the banks on future tax bills, and they will thus escape paying any money into the treasury for nearly two years.

## A CRYBABY

generally has something to cry for. It is as natural for a sickly baby to cry as it is for a healthy baby to laugh. But who is to blame for the baby's ill-health? The mother generally. Baby's strength must come from her, and when she is weak and suffering she has no strength to give her child. Many mothers testify that their children were sickly until Dr. Pierce's Favorite Prescription was used during the period before the baby's coming. The reason for this is that "Favorite Prescription" makes the mother strong. It gives her strength to give her child. Beyond all this the use of "Favorite Prescription" reduces the pain and strain of maternity, making the baby's advent practically painless.

"I began taking your 'Favorite Prescription' the first month when I expected to become a mother," writes Mrs. R. P. Robb, of Rockville, Va. "When I had taken six bottles of 'Favorite Prescription' and three of 'Golden Medical Discovery,' there was a fine baby girl born to me. Instead of two and three days and nights of suffering the greatest agony that one could suffer, as I had always had before, with all the help the doctor and all these modern medicines could do, I was only sick about five hours and had very little pain at all. I am the mother of ten children, and this one the fairest and most healthy of them all, and a very pretty child too. I don't know how to express my thanks to you for your advice. I think that all suffering mothers are, Dr. Pierce's medicines and be convinced."

The dealer who offers a substitute for "Favorite Prescription" does so to gain the little more profit paid on the sale of less meritorious medicines. His profit is your loss, therefore accept no substitute.
